Piper Piper Piper! A really nice home on a corner lot in a growing area. The home had a new roof in 2019 and exterior painted in 2018. The sellers put in a new furnace and C/A in April 2021. This will make a great family home and on a dead end street. This is a must see home as you will not be disappointed. Hurry as it won't last long. The Alarm system and front door doorbell camera stays. Granite Countertops.
