Beautiful, freshly painted home in Lansing schools. Large great room with fireplace. Dining room has a patio door to the deck and backyard. There's a bar area in the kitchen with room for 4 barstools. New luxury vinyl plank flooring in the kitchen, dining, and hallway. Newer carpet throughout the home. Nice sized bedrooms, one of which has a walk-in closet. Master is huge as is the master bath. There's a separate garden tub and shower with a double vanity and very large walk-in closet. New ceramic plank flooring in master bath. The lower level has a spacious family room, 3rd full bath, laundry closet, and 4th bedroom, which also has a walk-in closet. There's a new tankless water heater and a water purifier. Furnace is new, as well. Roof is 4 years old. Garage has shelving on two walls. Little to do in this Lansing beauty!
